Hayward, CA 94545

Project: Sutro Reservoir Rehabilitation and Seismic Upgrade
Contract No. WD-2627R/ SJA Job No. 736

Subject: Letter of Appreciation- Sutro Hold Down Anchors

Dear Jason,

On behalf of our entire field staff I wanted to take the time to express our sincerest appreciation for a job well done here at the Sutro Reservoir. The level of detail undertaken by your project management team and field crews was of the utmost importance on this project considering the various interior/exterior constraints. From our original scope meeting with Robert Small and Matt Wagner in August until demobilization activities starting this week your team has shown a high level of commitment that hasn't gone unnoticed. It would be our pleasure to work with Malcolm Drilling in the future and look forward to the opportunity shall it present itself.

Please be sure to extend our thanks to "Big" Dave Engan, Matt Wagner, Robert Small, Ed Chappelle and entire field crew who worked on Sutro. Each individual brought an important piece to the table and allowed the hold down anchor installation (all 184) to be a success.

Respectfully,
S.J. Amoroso Construction Co., Inc.

Norman Hayes
Project Manager

Kevin Jones
Project Superintendent

Ivy Wong
Project Engineer
